

Primax Miles

AW Series

DO MORE FOR LESS

Jotun Primax Miles gives you the ability to go further – coat more objects with less powder and have the perfect surface and consistent quality throughout. Our powder can be used across all forms of alloy wheels including the diamond cut style.

Jotun Primax Miles has been tested and approved to several OEM specs with details available on request.

Jotun - A Reliable Partner

With many years of experience in the industry, Jotun's Technical Service team offers support to optimise process, line efficiency and most importantly reduce manufacturing cost.

Please contact your sales representative or visit jotun.com for more information on Jotun Primax Miles.

Features

- Less powder consumption up to 20%*
- Homogenous appearance and superior flow
- Improved mileage by using Particle Size Distribution technology
- Meet OEM specifications and performance requirements

* Results based on a trial conducted with a customer in European regions.
